Just reduced the price!.... 2 Houses, Stables and Pool. This is a very unique property which offers a lot of potential. The main property has been split into living quarters and commercial quarters. In front of the property is the swimming pool area, which has a perimeter wall with mature plants and trees, a storage room with a toilet and fridge and a terraced area surrounding the pool with a gazebo to chill out. Behind the property are stables to stable six horses and a closed in paddock. Under the property but on ground level are three garages bigger enough to store four cars in total. There is also a kitchen area at one end of the garage which has access to an indoor patio. From the patio is a stair case which leads up to a la...
